

RAIN INCREASES FLOOD DANGER

Heaviest Storm Ever Known Occurs at New Orleans.

TERRIBLE STRAIN ON LEVEES

Entire Lower Half of State of Louisiana Feels Effect of Terrific Gale and Heavy Downpour—Wind Blows Water Over Embankments and Many Streets in New Orleans Are Flooded.

New Orleans, May 11.—New Orleans withstood the severest rain storm in her history. All of the lower half of Louisiana was affected and thousands of people who live behind the already terribly strained levees that hold back the Mississippi flood waters were panicky.

The wind raged from twenty-seven miles an hour at New Orleans to forty miles at Baton Rouge and at many points along the river it swept the waves of the swollen stream over the levees.

The Mississippi river here was backed up by the high winds and rose eight inches in two hours, forcing the waters over the levees at several points.

The river gauge at the head of Canal street registered 21.9 feet, or one-tenth of a foot higher than the maximum stage predicted by the weather bureau.

Dozens of messages poured into the office of the United States army engineers here telling of rumored breaks in the levees above New Orleans. None of them has been verified, although little hope was expressed of saving the levee at Baton Rouge and at Horgansea, Cott's Landing, Donaldsonville and Plaquemine the situation was declared to be critical.

Thirty-five thousand sandbags were dispatched from New Orleans to Baton Rouge on a special train. The situation was declared most serious there, with prospects of saving the front levee almost hopeless.

Pours Over Sandbag Topping. At New Orleans the water poured over the sandbag topping at the foot of Esplanade street and a force of men were rushed there to stop the holes and pile the embankment still higher.

Guards were placed along the entire river front and precautions were taken to close every spot where there was an overflow. The streets of New Orleans were flooded as never in the city's history. In the upper part the water was six to seven inches deep on the sidewalks. In the downtown business section Canal street and all intersecting streets were flooded over the sidewalks and the water entered stores on a number of streets.

There was such a strong current in some of the city's streets, due to the excessive rainfall, that many persons were alarmed and feared there had been an overflow from the river.

Notwithstanding the heavy rains and wind, however, the levees in the vicinity of New Orleans still were holding well after the storm passed. City officials reiterated their declaration that there was not the slightest danger of any serious levee trouble here.

A report reached New Orleans that the west levee of the Mississippi river went out two miles north of the town of Morganza. Telegraphic and telephone communication is lost to Morganza. Few were left in that section and it was impossible to verify the report. Nothing concerning a break in that section has reached the office of the United States engineers.

MAY AMEND THE LABOR LAW

Wisconsin Alarmed by Threats of Industries to Leave State.

Madison, Wis., May 11.—Without question legislation will be proposed in the 1913 session of the legislature to amend the fifty-five-hour-a-week law for women's labor, to make it less stringent upon certain employers. The canning factories and seed ware houses are the greatest sufferers, the work in those plants requiring unusual facility in packing and distributing the crop and necessitating new shifts at great expense in many cases. This reason is said to be back of a reported plan of a large La Crosse seed company to move to Minnesota. That the law needs amending is not denied by the state industrial commission, but the nature of the proposed changes is not made known.

BAD STORM AT DES MOINES

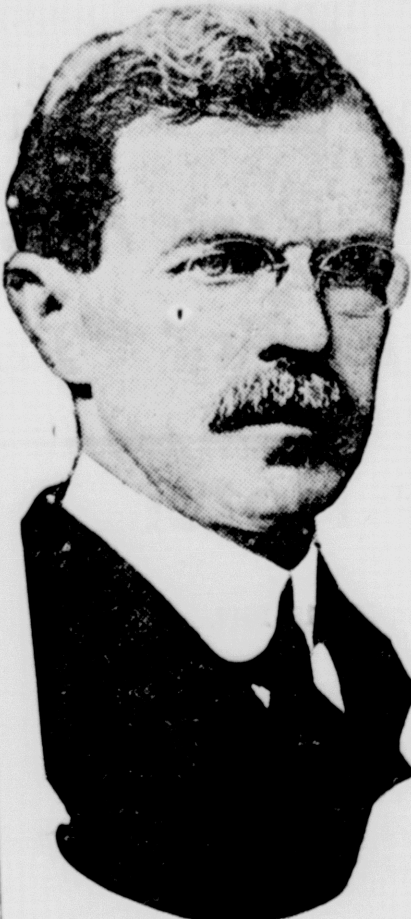

Lightning Sets Fire to Warehouse, Causing Loss of \$100,000.

Des Moines, May 11.—Des Moines was visited by a severe rain and electrical storm. Lightning struck the five-story warehouse of the Davidson Bros. Furniture company, which took fire and was almost completely destroyed. The loss is estimated at \$100,000, partly covered by insurance. Firemen were handicapped by low water pressure.

Several buildings in the suburbs were struck by lightning, only small damage resulting, however. Two and twelve-hundredths inches fell in forty-five minutes. The heavy rain was general throughout Iowa.

TAFT GOES TO PRINCETON

Will Attend Inauguration of President Hibben.

Washington, May 11.—Leaving Washington over the Pennsylvania railroad President Taft is due in Princeton, N. J., today to participate in the inauguration of Dr. John Grier Hibben as president of Princeton university. The chief justice of the United States and Mrs. White were guests of the president on his private car. While in Princeton the president will be the guest of Dr. Hibben and the university authorities.

At the inauguration ceremonies the degree of LL. D. will be conferred upon the president. After a luncheon in the gymnasium with 600 Princeton alumni President Taft will attend the ball game between the teams of that university and Cornell, drop in at the reception to Dr. Hibben and then motor to Princeton Junction to take a train for Washington.

ROOSEVELT CARRIES STATE PRIMARIES

Gets Hennepin and Eight Other Minnesota Counties.

St. Paul, May 11.—Colonel Roosevelt carried eight Minnesota counties that had preferential primaries, including Hennepin county, supposed to be a Taft stronghold. He also carried one county where caucuses were held without any primaries and split even with Taft in another county where caucuses were held without a primary.

The biggest surprise in the primaries was the result in Hennepin county, which had been claimed by the Taft people. At Roosevelt headquarters it was said that Roosevelt had 326 delegates, Taft 92, La Follette 33 and there were 60 Roosevelt-La Follette fusion delegates. There are 510 delegates in the county convention. According to the Roosevelt headquarters' report the popular vote from the 115 precincts stood: Roosevelt, 7,600; Taft, 5,387; La Follette, 2,985.

The results in the country districts did not surprise the Roosevelt men, who had been insisting all the time that it was a sure thing, but the overwhelming vote for the colonel in some of the precincts surprised them. Not a single precinct was reported where the vote was close and in several townships Taft did not get a single vote. In some of the city precincts Taft ran ahead of La Follette, but in the rural districts La Follette as a general rule ran second and Taft third.

HASTE BLAMED FOR ACCIDENT

Eight Dead as Result of Cleveland Gas Explosion.

Cleveland, May 11.—With eight men dead and three more injured, two fatally, as a result of a gas explosion that wrecked one furnace of the American Steel and Wire company here, the coroner's probe of conditions under which the men were working is proceeding.

It is expected the death list will reach ten.

Haste is blamed for the fatal blast by other employees at the company's plant.

COLONEL IS NOT ALARMED

Says He Will Not Attend Chicago Convention.

Oyster Bay, May 11.—"I am not frightened," said Colonel Roosevelt when his attention was called to reports that he had become alarmed at the course of the campaign and would attend the Republican national convention in Chicago as a proxy delegate from Brooklyn. Colonel Roosevelt laughed at the report and added: "I am not going to Chicago."

FARMER VOTE IS GREATEST FORCE

In the Minority in Votes, but Not in Influence.

CONGRESSMEN GIVE NEED.

Any Proposition That Pertains to the Farm or Agriculture Sure to Have Plenty of Supporters—Senator Swanson Would Buy the Famous Natural Bridge in Virginia.

By ARTHUR W. DUNN.

Washington, May 11.—[Special.]—Men may take pencil and paper and demonstrate that a very large proportion of the population of this country is in the cities, but I can take the records of congress and show that the greatest force in this country is the farmers' vote. Members of congress who ignore the demands of organized labor, who throw petitions and resolutions of boards of trade and chambers of commerce into the wastebasket, who dodge prohibition and liquor questions, who stand for their party on rather wobbly legs, never fail to come directly to the front and vociferously support propositions for the benefit of the farmers. Let any man come forward with a farm proposition and he will have enough supporters to put it through.

A Few Samples.

Take the forestry question. It was purely a public land question and should have been administered by the general land office, but its friends were shrewd and had it transferred to the agricultural department, and millions are now expended where thousands were spent before. Meat inspection really belonged to a health bureau, but it was placed in the agricultural department, and \$3,000,000 was promptly voted for the service and made a continuing appropriation. The pure food and drugs act was placed in the department of agriculture when it really belonged in the department of commerce. That is what has made it so very important.

Just tag anything with the farm or agriculture and congressmen are ever ready to support it with the money of the government. The farmers may be in the minority in votes, but they are in the majority when it comes to influence in congress.

A National Wonder.

Senator Swanson has introduced a bill appropriating \$100,000 for the purchase of the natural bridge in Virginia. Many years ago this great natural wonder of the world received a great advertisement in a sketch describing how a boy climbed up the soft stone cliff in order to cut his name high above all others, finally reaching a height which prevented him from descending. He had to go on upward and was finally rescued with a rope from the top. The harrowing details were told under the caption, "Terrific Scene at the Great Natural Bridge."

The sketch was printed in one of the old readers used in the schools and has no doubt "given the creeps" to more children than almost anything of its day. Senator Swanson should be commended to read that story to the senate when he brings his bill before that body.

A "Puzzle" Resolution.

June 11, 1911. Senator Culberson introduced a resolution providing for the investigation of campaign expenditures during the presidential elections of 1904 and 1908. On April 23, 1912, the resolution was adopted by the senate and the investigation is to begin.

Now the "puzzle" is, Who are they after? And did the fact that a certain presidential candidate was making considerable headway about that time have anything to do with finally passing the long delayed resolution?

Takes a Quiet Nap.

The erstwhile floor leader of the house under the rule of Cannon, Congressman Sereno E. Payne, does not trouble himself greatly about affairs in the house unless there is a tariff debate. At other times he will take a quiet nap in his chair while the house is drowsing over points of order and appropriation bills. But when the tariff is attacked he feels called upon to defend the bill which bears his name.

"Warhorse" Warmoth.

When the Republican convention meets there will be on hand, as usual, former Governor Warmoth of Louisiana. This year he will be there as a Taft delegate and expects to be seated. "Warhorse Warmoth" he has come to be known because he is always in a fight over Louisiana politics. He is at all national conventions, sometimes with the faction that wins. At other times he goes under the "steam roller." But as sure as there are Republican national conventions so sure will there be the old warhorse from the Pelican State. Taft, straight as an arrow, victorious, masterful among the black Republicans, he is always an important figure in the convention. Governor Warmoth has been in Washington for several weeks watching the political game as played in the capital.

Time For Pensions.

More time has been given to discussion and consideration of pensions in this congress than has ever been given in ten years before. The different pension bills have received quite a general overhauling. And there is promise of still more discussion.

Pretension.

Where there is much pretension much has been borrowed. Nature never pretends.—Lavater.

New Yorker Who Will Aid Roosevelt Campaign in Ohio.

WILL SPEAK FOR COLONEL

Many Prominent Men to Talk in Ohio Campaign.

Washington, May 11.—The Roosevelt campaign in Ohio next week is to take in a number of prominent national speakers, according to statements made at the headquarters here. Senator Clapp is to speak in the state every day except Friday; Senator Poindexter, Governor Stubbs of Kansas and Representative Victor Murdock are to speak throughout the week.

Oscar Straus of New York, who was secretary of commerce and labor under President Roosevelt; William Dudley Foulke of Indiana, Governor Hadley of Missouri, Controller William A. Prendergast of New York, and Bainbridge Colby of New York are among other speakers.

PENSION BILL NOW GOES TO PRESIDENT

House Agrees to Conference Report by Decisive Vote.

Washington, May 11.—The house agreed, 173 to 57, to the conference report of the general pension bill providing pensions up to \$1 a day for veterans of the Civil and Mexican wars. It now goes to the president for his signature. Many Democrats voted for the bill. Representative Kent of California cast the only Republican vote against it.

President Taft's advisors think he will sign it. Under the Constitution the president has ten days to act. If he does not sign it within that time it becomes a law. Inasmuch as the president leaves today on his Western trip, from which he will not return until May 22, he may sign it before leaving.

The bill will increase the pension rolls about \$30,000,000.

WOMAN CRITICISES WILSON

Holds Him, McCabe and Melvin Responsible for Lax Meat Inspection.

Washington, May 11.—Mrs. Caroline Bartlett Crane, in support of Representative Nelson's resolution for a congressional investigation of the government meat inspection service, told the house committee on expenditures in the department of agriculture that the chief fault of the service was in the personnel of the officers of the department.

Secretary Wilson, Solicitor McCabe and Chief Melvin of the bureau of animal industry were in office when sensational disclosures in the meat packing industry were made a few years ago, she said, and she charged them with not curing ills then and maintained that the inspection standard had gradually been lowered.

Too much attention was paid to the interests involved and too little to the health of the people, she said.

NELSON STILL UNDECIDED

Senior Minnesota Senator May or May Not Seek Re-Election.

Benidji, Minn., May 11.—Knut Nelson is still undecided as to whether he will be a candidate to succeed himself in the United States senate. Knute Roe, a member of the board of education, received a letter from Senator Nelson, in which he said:

"I have not fully decided whether I shall be a candidate or not."

The senator also said he would make no public statement as to his choice between Colonel Roosevelt and President Taft, "believing," he says, "that to be a matter for the people to settle themselves."

WITNESS DENIES SOME EVIDENCE

BILL OF LADING MEASURE

Senate Committee Makes a Favorable Report.

Washington, May 11.—The interstate commerce committee reported favorably to the senate the Clapp bill of lading measure establishing a rule of evidence as to greatly increase the liability of railroads. Senator Townsend gave notice that he would file a minority report, while Senator Pomerene announced he would press his substitute bill.

Under the measure reported every railroad or other common carrier would be liable on bills of lading issued by its authorized agents, notwithstanding the agents had not received the goods. At present the railroads are not liable under such circumstances and bankers and consignees complain they are defrauded out of money advanced on the bills of lading.

ALL QUIET IN COAL FIELDS

Rioting at North Scranton Quickly Quelled.

Philadelphia, May 11.—Outside of the attack on the Cayuga breaker of the Lackawanna Coal company in North Scranton by about 2,000 foreigners there was no rioting of consequence in the hard coal fields.

The North Scranton disturbance was quickly quelled and everything is quiet.

Defiance.

"There is a place awaiting you in the abode of future punishment," said the man who, even though angry, strives to be discreet of speech.

"It don't scare me none," replied the janitor. "I'll be kind of glad to get some place where the tenants never complain because the radiators are cold."—Washington Star.

Portage, Wis., May 11.—Because she could not find work to provide for herself and her child Mrs. Helen Klawick, a widow, killed her four-months-old babe by knotting a handkerchief about the child's neck. She left the body in an alley. She confessed.

Repudiates Previous Testimony in Archbald Case.

ADmits SIGNATURE IS GENUINE

Edward J. Williams, Before House Judiciary Committee, Reads Copy of an Assignment Again and Declares It Was Not the Paper He Signed, Although Confessing His Name Was Properly Attached.

Washington, May 11.—Edward J. Williams of Scranton, Pa., chief witness so far against Judge Robert W. Archbald of the commerce court, practically denied before the house judiciary committee some of the testimony he had given against the judge on Wednesday.

Williams was a partner with Judge Archbald in negotiations for buying a culm bank from the Erie railroad to sell at a profit of \$12,000 to the Lackawanna and Wyoming railroad. The judge at that time had the Erie's so called lighterage cases in his court. The committee is investigating to decide if impeachment proceedings should be brought against the judge.

A. S. Worthington, counsel for the accused jurist, undertook the redirect examination of Williams and called his attention to the copy of an assignment of the culm bank property that he was alleged to have made to W. P. Boland and a "silent party." Previously Williams had admitted having made such an assignment before he procured options on the Erie culm banks and had explained that the "silent party" was Judge Archbald. Upon reading a copy of the assignment again Williams declared it was not the paper he had signed. He admitted that the signature attached was his, but repudiated its contents.

This admission led Attorney Worthington to ask the witness if he ever drank. He said he did and admitted it was possible he might have signed papers that he could not now recall.

Repudiates Another Letter.

Williams also repudiated the letter introduced in evidence in which he related having told W. P. Boland that if he had discounted one of Judge Archbald's notes a case he had before that jurist, which was decided against him, might have resulted differently. The witness admitted having said something like that to Boland, but he denied the language used in the letter in evidence, signed by him, ever came from his lips.

It also developed on cross-examination that Judge Archbald paid Williams' fare from Scranton to Washington so Williams might respond to the subpoena from the judiciary committee to appear before it. Williams said he did not have the money and that he had asked Judge Archbald to loan him the fare.

When the committee adjourned for the day Williams was cautioned by Chairman Clayton to talk to no one about the case. He will be recalled. William P. Boland and C. G. Boland, who figure in the Archbald charges, and who were instrumental in bringing them to the attention of the department of justice, were present during the hearing. They will not be called to testify until Monday.

Interstate Commerce Commissioner Meyer, who first called President Taft's attention to the charges against Judge Archbald, will be asked to testify when Williams' examination is finished.

BRANDT LOSES HIS FIGHT

Former Schiff Valet Returned to Tombs by Supreme Court.

New York, May 11.—Folke E. Brandt, formerly valet to Mortimer L. Schiff, who was released from Danmora prison on a habeas corpus decision of Justice Gerard in the supreme court, is again in the Tombs and may be returned to prison to serve out the thirty years to which he was sentenced five years ago by Justice Rosalsky in the court of general sessions. In a decision the appellate division of the supreme court reversed the decision of Justice Gerard, who liberated Brandt.

After reviewing the history of the case Justice Miller, who wrote the opinion, said in part: "We have nothing to do with the sentence except to determine whether it was in excess of the court's power. Burglary in the first degree is punishable by imprisonment for life."

IMPORTANT BATTLE RAGING

Mexican Conflict Ranges Over Twenty Miles of Desert.

Escalon, Mex., May 11.—Sharp fighting occurred throughout the day between the main bodies of the federals and insurgents near Tlahualilo with no decided advantage to either side. Couriers to General Orozco's headquarters here said that the clash of the vanguards of both armies was rapidly turning into a skirmish to a desperate battle. The fight has been in progress for thirty-six hours and indications are that it will be several days before it is decided. The battle-field ranges over twenty miles of desert plains southeast from Cuernavaca, in front of Torreón.

\$33,782,554, an increase of \$263,260
over the total carried in the measure
when it was reported to the house.
The principal item of increase was
the appropriation for the San Francis-
co, New Orleans and Carson, Nev.,
mines, and for assay offices at Boise,
Ida., Charlotte, N. C., Deadwood, S.
D.; Helena, Mont.; Seattle and Salt
Lake City. The house refused to ac-
cept the provision abolishing those
offices.

The house reversed its previous ac-
tion by voting not to increase from
\$1,500 to \$2,000 the salaries of the
private secretaries of the representatives.
The increase would have aggregated
\$216,000 a year.

The bill also abolishes the United
States commerce court.

FARMER VOTE IS
GREATEST FORCEIn the Minority in Votes, but
Not in Influence.

CONGRESSMEN GIVE HEED.

Any Proposition That Pertains to the
Farm or Agriculture Sure to Have
Plenty of Supporters—Senator Swan-
son Would Buy the Famous Natural
Bridge in Virginia.

By ARTHUR W. DUNN.

Washington, May 11.—[Special.]—
Men may take pencil and paper and
demonstrate that a very large propor-
tion of the population of this country
is in the cities, but I can take the re-
cords of congress and show that the
greatest force in this country is the
farmers' vote. Members of congress
who ignore the demands of organized
labor, who throw petitions and resolu-
tions of boards of trade and chambers
of commerce into the wastebasket,
who dodge prohibition and liquor ques-
tions, who stand for their party on
rather wobbly legs, never fail to come
directly to the front and vociferously
support propositions for the benefit
of the farmers. Let any man come
forward with a farm proposition and he
will have enough supporters to put it
through.

A Few Samples.

Take the forestry question. It was
purely a public land question and
should have been administered by the
general land office, but its friends were
shrewd and had it transferred to the
agricultural department, and millions
are now expended where thousands
were spent before. Meat inspection
really belonged to a health bureau, but
it was placed in the agricultural de-
partment, and \$3,000,000 was promptly
voted for the service and made a con-
tinuing appropriation. The pure food
and drugs act was placed in the de-
partment of agriculture when it really
belonged in the department of com-
merce. That is what has made it so
very important.

Just tag anything with the farm or
agriculture and congressmen are ever
ready to support it with the money
of the government. The farmers may
be in the minority in votes, but they
are in the majority when it comes to
influence in congress.

A National Wonder.

Senator Swanson has introduced a
bill appropriating \$100,000 for the
purchase of the natural bridge in Vir-
ginia. Many years ago this great nat-
ural wonder of the world received a
great advertisement in a sketch de-
scribing how a boy climbed up the soft
stone cliff in order to cut his name
high above all others, finally reaching
a height which prevented him from de-
scending. He had to go on upward
and was finally rescued with a rope
from the top. The harrowing details
were told under the caption, "Terrific
Scene at the Great Natural Bridge."

The sketch was printed in one of the
old readers used in the schools and has
no doubt "given the creeps" to more
children than almost anything of its
day. Senator Swanson should be com-
pelled to read that story to the senate
when he brings his bill before that
body.

A "Puzzle" Resolution.

June 11, 1911, Senator Culberson in-
troduced a resolution providing for the
investigation of campaign expenditures
during the presidential elections of
1904 and 1908. On April 29, 1912, the
resolution was adopted by the senate
and the investigation is to begin.

Now the "puzzle" is, Who are they
after? And did the fact that a cer-
tain presidential candidate was mak-
ing considerable headway about that
time have anything to do with finally
passing the long delayed resolution?

Takes a Quiet Nap.

The erstwhile floor leader of the
house under the rule of Cannon, Con-
gressman Sereno E. Payne, does not
trouble himself greatly about affairs
in the house unless there is a tariff de-
bate. At other times he will take a
quiet nap in his chair while the house
is drowning over points of order and ap-
propriation bills. But when the tariff
is attacked he feels called upon to
defend the bill which bears his name.

"Warhorse Warmoth."
When the Republican convention
meets there will be on hand, as usual,
former Governor Warmoth of Louisi-
ana. This year he will be there as a
Taft delegate and expects to be seated.
"Warhorse Warmoth" he has come to
be known because he is always in a
fight over Louisiana politics. He is
at all national conventions, sometimes
with the faction that wins. At other
times he goes under the "steam roller."
But as sure as there are Republican
national conventions so sure will there
be the old warhorse from the Pelican
State. Tall, straight as an arrow,
vigorous, masterful among the black
Republicans, he is always an impor-
tant figure in the convention. Gover-
nor Warmoth has been in Washing-
ton for several weeks watching the
political game as played in the capital.

Time For Pensions.

More time has been given to dis-
cussion and consideration of pensions in
this congress than has ever been given
in ten years before. The different
pension bills have received quite a
general overhauling. And there is
promise of still more discussion.

Pretension.

Where there is much pretension much
has been borrowed. Nature never pre-
tends.—Lavater.

WILL SPEAK FOR COLONEL

Many Prominent Men to Talk in Ohio
Campaign.

Washington, May 11.—The Roose-
velt campaign in Ohio next week is to
take in a number of prominent na-
tional speakers, according to state-
ments made at the headquarters here.
Senator Clapp is to speak in the
state every day except Friday; Sen-
ator Poinsett, Governor Stubbs of
Kansas and Representative Victor
Murdoch are to speak throughout the
week.

Oscar Straus of New York, who was
secretary of commerce and labor un-
der President Roosevelt; William Dud-
ley Foulke of Indiana, Governor Had-
ley of Missouri, Controller William A.
Prendergast of New York, and Bain-
bridge Colby of New York are among
other speakers.

PENSION BILL NOW
GOES TO PRESIDENTHouse Agrees to Conference Re-
port by Decisive Vote.

Washington, May 11.—The house
agreed, 173 to 57, to the conference
report of the general pension bill pro-
viding pensions up to \$1 a day for
veterans of the Civil and Mexican
wars. It now goes to the president
for his signature. Many Democrats
voted for the bill. Representative
Kent of California cast the only Re-
publican vote against it.

President Taft's advisors think he
will sign it. Under the Constitution
the president has ten days to act. If
he does not sign it within that time it
becomes a law. Inasmuch as the pre-
sident leaves today on his Western
trip, from which he will not return
until May 22, he may sign it before
leaving.

The bill will increase the pension
rolls about \$30,000,000.

WOMAN CRITICISES WILSON

Holds Him, McCabe and Melvin Re-
sponsible for Lax Meat Inspection.

Washington, May 11.—Mrs. Caroline
Bartlett Crane, in support of Repre-
sentative Nelson's resolution for a
congressional investigation of the gov-
ernment meat inspection service, told
the house committee on expenditures
in the department of agriculture that
the chief fault of the service was in
the personnel of the officers of the de-
partment.

Secretary Wilson, Solicitor McCabe
and Chief Melvin of the bureau of an-
imal industry were in office when sen-
sational disclosures in the meat pack-
ing industry were made a few years
ago, she said, and she charged them
with not curing ills then and main-
tained that the inspection standard
had gradually been lowered.

Too much attention was paid to the
interests involved and too little to the
health of the people, she said.

NELSON STILL UNDECIDED

Senior Minnesota Senator May or May
Not Seek Re-Election.

Bemidji, Minn., May 11.—Knute Nel-
son is still undecided as to whether he
will be a candidate to succeed himself
in the United States senate. Knute
Roe, a member of the board of edu-
cation, received a letter from Senator
Nelson, in which he said:

"I have not fully decided whether I
shall be a candidate or not."

The senator also said he would
make no public statement as to his
choice between Colonel Roosevelt and
President Taft, "believing," he
says, "that to be a matter for the peo-
ple to settle themselves."

BILL OF LADING MEASURE

Senate Committee Makes a Favorable
Report.

Washington, May 11.—The inter-
state commerce committee reported
favorable to the senate the Clapp bill
of lading measure establishing a rule
of evidence as to greatly increase the
liability of railroads. Senator Town-
send gave notice that he would file
a minority report, while Senator
Pomeroy announced he would press
his substitute bill.

Under the measure reported every
railroad or other common carrier
would be liable on bills of lading is-
sued by its authorized agents, notwith-
standing the agents had not received
the goods. At present the railroads
are not liable under such circum-
stances and bankers and consignees
complain they are defrauded out of
money advanced on the bills of lading.

ALL QUIET IN COAL FIELDS

Rioting at North Scranton Quickly
Quelled.

Philadelphia, May 11.—Outside of
the attack on the Cayuga breaker of
the Lackawanna Coal company in
North Scranton by about 2,000 foreign-
ers there was no rioting of conse-
quence in the hard coal fields.

The North Scranton disturbance
was quickly quelled and everything is
quiet.

Defiance.

"There is a place awaiting you in
the abode of future punishment," said
the man who, even though angry,
strives to be discreet of speech.

"It don't scare me none," replied the
junior. "I'll be kind o' glad to get
some place where the tenants never
complain because the radiators are
cold."—Washington Star.

No Work, Mother Kills Baby.

Portage, Wis., May 11.—Because she
could not find work to provide for her-
self and her child Mrs. Helen Klawick,
a widow, killed her four-month-old
baby by knotting a handkerchief about
the child's neck. She left the body
in an alley. She confessed.

Repudiates Previous Testimony
in Archbald Case.

ADMITS SIGNATURE IS GENUINE

Edward J. Williams, Before House
Judiciary Committee, Reads Copy
of an Assignment Again and De-
clares It Was Not the Paper He
Signed, Although Confessing His
Name Was Properly Attached.

Washington, May 11.—Edward J.
Williams of Scranton, Pa., chief wit-
ness so far against Judge Robert W.
Archbald of the commerce court, prac-
tically denied before the house judi-
ciary committee some of the testi-
mony he had given against the judge
on Wednesday.

Williams was a partner with Judge
Archbald in negotiations for buying a
colum bank from the Erie railroad to
sell at a profit of \$12,000 to the Lacka-
wanna and Wyoming railroad. The
judge at that time had the Erie's so
called lighterage cases in his court.
The committee is investigating to de-
cide if impeachment proceedings
should be brought against the judge.

A. S. Worthington, counsel for the
accused jurist, undertook the redirect
examination of Williams and called
his attention to the copy of an assign-
ment of the colum bank property that
he was alleged to have made to W. P.
Boland and a "silent party." Previous-
ly Williams had admitted having made
such an assignment before he pro-
cured options on the Erie colum banks
and had explained that the "silent
party" was Judge Archbald. Upon
reading a copy of the assignment
again Williams declared it was not
the paper he had signed. He admitted
that the signature attached was his,
but repudiated its contents.

This admission led Attorney Worth-
ington to ask the witness if he ever
drank. He said he did and admitted
it was possible he might have signed
papers that he could not now recall.

Repudiates Another Letter.

Williams also repudiated the letter
introduced in evidence in which he
related having told W. P. Boland that
if he had discounted one of Judge
Archbald's notes a case he had before
that jurist, which was decided against
him, might have resulted differently.
The witness admitted having said
something like that to Boland, but he
denied the language used in the letter
in evidence, signed by him, ever came
from his lips.

It also developed on cross-examina-
tion that Judge Archbald paid Will-
iams' fare from Scranton to Wash-
ington so Williams might respond to the
subpoena from the judiciary commit-
tee to appear before it. Williams said
he did not have the money and that
he had asked Judge Archbald to loan
him the fare.

When the committee adjourned for
the day Williams was cautioned by
Chairman Clayton to talk to no one
about the case. He will be recalled.

William P. Boland and C. G. Boland,
who figure in the Archbald charges,
and who were instrumental in bring-
ing them to the attention of the de-
partment of justice, were present dur-
ing the hearing. They will not be
called to testify until Monday.

Interstate Commerce Commissioner
Meyer, who first called President
Taft's attention to the charges against
Judge Archbald, will be asked to tes-
tify when Williams' examination is
finished.

BRANDT LOSES HIS FIGHT

Former Schiff Valet Returned to
Tombs by Supreme Court.

New York, May 11.—Folke E.
Brandt, formerly valet to Mortimer L.
Schiff, who was released from Dan-
nemora prison on a habeas corpus de-
cision of Justice Gerard in the su-
preme court, is again in the Tombs
and may be returned to prison to serve
out the thirty years to which he was
sentenced five years ago by Justice
Rosalsky in the court of general ses-
sions. In a decision the appellate
division of the supreme court reversed
the decision of Justice Gerard, who
liberated Brandt.

After reviewing the history of the
case Justice Miller, who wrote the
opinion, said in part:

"We have nothing to do with the
sentence except to determine whether
it was in excess of the court's power.
Burglary in the first degree is punish-
able by imprisonment for life."

STONER WILL LIGHT IRONTON

Council Grants the Cuyuna Range Power Co. a Light and Power Franchise

A WAY OF LIGHT IS PLANNED

Building News of Ironton—Some Social Events—Other Items of the Range Town

Ironton, Minn., May 10—The Ironton village council has granted a light and power franchise to the Cuyuna Range Power Company, or what is popularly termed Stoner's company. The streets are to be lighted.

Among the improvements planned is the lighting of half of the roadway from Ironton and Crosby, making of it a veritable "White Way."

The new First State bank of Ironton has commenced business and John E. Mattson was the first depositor.

E. A. Brink, of Crosby, is erecting a building on lot 4, block 13, on Ironton avenue.

Charles Kelley is building a cottage on Irene avenue.

A "hard times" party will be given at the roller skating rink on Saturday evening.

Charles Harkins has finished the cement foundation for his cottage.

Charles Gregorson is building a residence in block eight on Winona avenue.

William Bamberg is operating two drills near Kimberly in township 48, range.

How's This

We offer One Hundred Dollars Reward for any case of Catarrh that cannot be cured by Hall's Catarrh Cure.

F. J. CHENEY & CO., Toledo, O. We, the undersigned, have known F. J. Cheney for the last 15 years, and believe him perfectly honorable in all business transactions, and financially able to carry out any obligations made by his firm.

WALDING, KINNAN & MARVIN, Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system. Testimonials sent free. Price, 75c per bottle. Sold by all druggists. Take Hall's Family Pills for constipation.

ESDON ETCHINGS

Mrs. Wilber Ketcheson left for Duluth last Thursday after making her mother, Mrs. M. L. Hammett, a visit of a couple of months.

Miss Hazel Rosenkrantz has gone to Hankenson, N. D.

Miss Bertha Long closed her school last Friday with a picnic, which proved to be rather a damp one. The rain poured in torrents all the afternoon.

L. C. Hammett has taken up his abode with Joe Gooler for the present.

The soap club met at Mrs. Will Lewis' last Tuesday, where everyone had a pleasant afternoon and enjoyed a fine lunch.

Miss Long returned to Brainerd Saturday.

Miss Maggie Helens, of St. Mathias, has just gone back to Brainerd.

BASE BALL NEWS OF CITY AND COUNTRY

Lawson and Roderick, the Brainerd Battery in Sunday's League Game Here

BRAINERD HIGH BEATS STAPLES

Missoula Beats Ogden—Central Minn. League Games Scheduled For Sunday

* Central Minn. League Games *
* Sunday, May 12 *
* * * * *
* Crosby at St. Cloud *
* Little Falls at Brainerd *
* Benton County at Royalton *
* * * * *

Ed Lawson will pitch his first game for Brainerd in the game scheduled for Sunday and "Bud" Roderick will be at the receiving end. The mighty Dominick will do the hurling for Little Falls and Freeman will probably catch.

No special train will be run to Brainerd Sunday, says the Little Falls Transcript, as not enough signatures could be secured to guarantee \$93 to the Northern Pacific. The reason that more fans would not promise to make the trip on the special is that so many plan to go by auto. Nearly all the owners of cars will attend the game and many will make the trip in livery machines.

McNamara will not play third base for the Little Falls team any longer and James Phillips of Staples will finish the season on the third sack. "Jimmie" Phillips is a speedy player and should prove a valuable man. He played with the fast Detroit team and has played with Staples. With the exception of McNamara the lineup at Brainerd will be the same as in the Royalton game last Sunday.

Staples high school was given an unmerciful drubbing at the Koering grounds Friday afternoon when the Brainerd high school defeated them in a seven inning game, the score being 22 to 8. McGivern pitched for Staples and his delivery was of the kind which Brainerd sized up without any difficulty. Carlson pitched the first four innings with Callan catching. Carlson struck out 4 men in 3 innings. This battery was succeeded by Pitcher Stallman and Catcher Tucker and they did good work. Brainerd tried out "Dutch" Trent as a pitcher in the last inning played. There was quite a crowd present.

Brainerd high school plays the Little Falls high school at Little Falls this afternoon, the game being called at 3:30. This will be a close game, as the down river town is a different proposition than Staples. Alderman will probably pitch for Brainerd.

At Ogden on May 8 Missoula beat Ogden by a score of 4 to 3, Zamlach pitching the entire nine innings. It was a cold day and a small crowd saw the best game of the season. Missoula at present has a percentage of .929, having won 13 games and lost 1. There is a move on foot in Missoula to greet the team with three brass bands when they return from their victorious tour.

PHOTOGRAPHED FIRST GAME

A. D. Johnson, of 617 Third Ave., Took 8 Fine Pictures of the Baseball Game Sunday

A. D. Johnson, 617 Third avenue, Northeast, took eight pictures of the Brainerd-Crosby game at the Koering grounds which inaugurated the opening of the Central Minnesota Baseball association in Brainerd. The views were taken from the grand stand and the bridge back of the grounds and are all clear, distinct pictures.

The first picture shows Mayor H. P. Dunn pitching the first ball across the plate. There is a general view of the grounds; Crosby making a hit; Dr. Erickson running for first and the preceding batter streaking down the base lines to second; Kunitz running to first; Sheffield hammering a home run hit over the fence; birdseye view of the field; and the crowd leaving the grounds. Two of these pictures will be reproduced by the Dispatch and printed in a subsequent issue.

A Missionary Meeting

The Woman's Home and Foreign Missionary Society of the Presbyterian church, met at the home of Mr. and Mrs. K. W. Lagerquist last evening, instead of the afternoon, so that the men might be present at the meeting.

The president, Mrs. A. M. Opsahl, presided.

A paper on "Cuba and Porto Rico" by Mrs. W. E. Barker and a paper on "Slam and Laos," by Mrs. J. S. Robertson, read by Mrs. W. J. Lowrie, were followed with a prayer service led by Mrs. E. L. Ludwig.

PLANT CORN ABOUT MAY 20th

Work Your Ground Without Planting and Raise the Cut Worms to the Surface

"Don't plant your corn too early," is the warning which C. E. Brown, the agricultural expert of Elk River and noted lecturer on farm topics and especially potato culture, has urged the Dispatch to make known to its readers. In an interview Mr. Brown stated his reasons for this.

"The cut worms will be the worst this season that Minnesota has ever known. They are at work now in the southern part of the state ravaging farmers' crops. As predicted some time ago by State Entomologist F. M. Washburn, the past two years have been favorable for the appearance of

the cut worm in large numbers this year and this statement is borne out by conditions in southern Minnesota.

"The only safeguard is to plant late and under no conditions earlier than May 20. The ground should be worked over thoroughly so as to destroy all vegetation and thus compel the cut worm to come to the surface and make him travel if he wants to find feed. As soon as he crawls about the ground he falls a ready prey to the birds.

"On all state farms from the Twin Cities north, the planting of corn has been checked and nothing will be done in this line until on or about May 20. If the spring holds cold, the seed which has been planted early will weaken before germination sets in. The longer seed is in the ground the weaker it gets. Keeping the worked up before planting will warm the soil. All farmers are cautioned to be careful of their seed, for Minnesota has no seed corn to spare."

"At Backus," continued Mr. Brown, "the state has an experimental farm and we are holding back on the corn planting. We are clearing and breaking ground and using a disc constantly. BASE BALL NEWS OF CITY AND COUNTRY

Lawson and Roderick, the Brainerd Battery in Sunday's League Game Here

BRAINERD HIGH BEATS STAPLES

Missoula Beats Ogden—Central Minn. League Games Scheduled For Sunday

- * * * * *
- * Central Minn. League Games Sunday, May 12
- * * * * *
- * Crosby at St. Cloud
- * Little Falls at Brainerd
- * Benton County at Royalton
- * * * * *

Ed Lawson will pitch his first game for Brainerd in the game scheduled for Sunday and "Bud" Roderick will be at the receiving end. The mighty Dominick will do the hurling for Little Falls and Freeman will probably catch.

No special train will be run to Brainerd Sunday, says the Little Falls Transcript, as not enough signatures could be secured to guarantee \$93 to the Northern Pacific. The reason that more fans would not promise to make the trip on the special is that so many plan to go by auto. Nearly all the owners of cars will attend the game and many will make the trip in lively machines.

"McNamara will not play third base for the Little Falls team any longer and James Phillips of Staples will finish the season on the third sack. 'Jimmie' Phillips is a speedy player and should prove a valuable man. He played with the fast Detroit team and has played with Staples. With the exception of McNamara the lineup at Brainerd will be the same as in the Royalton game last Sunday."

Staples high school was given an unmerciful drubbing at the Koering grounds Friday afternoon when the Brainerd high school defeated them in a seven inning game, the score being 22 to 8. McGivern pitched for Staples and his delivery was of the kind which Brainerd sized up without any difficulty. Carlson pitched the first four innings with Callan catching. Carlson struck out 4 men in 3 innings. This battery was succeeded by Pitcher Stallman and Catcher Tucker and they did good work. Brainerd tried out "Dutch" Trent as a pitcher in the last inning played. There was quite a crowd present.

Brainerd high school plays the Little Falls high school at Little Falls this afternoon, the game being called at 3:30. This will be a close game, as the down river town is a different proposition than Staples. Alderman will probably pitch for Brainerd.

At Ogden on May 8 Missoula beat Ogden by a score of 4 to 3, Zamloch pitching the entire nine innings. It was a cold day and a small crowd saw the best game of the season. Missoula at present has a percentage of .929, having won 13 games and lost 1. There is a move on foot in Missoula to greet the team with three brass bands when they return from their victorious tour.

IT PAYS TO ADVERTISE

BARROWS

It is reported that the Northern Pacific railway will build a fine new depot at Barrows, one which will be a credit to the town.

The Barrows mine Social club will give a dance at the hall on Saturday evening. Supper and the dance will cost \$1.

Ledge has been reached in the No. 2 shaft and the work on shaft No. 1 is under way.

PHOTOGRAPHED FIRST GAME

A. D. Johnson, of 617 Third Ave., Took 8 Fine Pictures of the Baseball Game Sunday

A. D. Johnson, 617 Third avenue, Northeast, took eight pictures of the Brainerd-Crosby game at the Koering grounds which inaugurated the opening of the Central Minnesota Baseball association in Brainerd. The views were taken from the grand stand and the bridge back of the grounds and are all clear, distinct pictures.

The first picture shows Mayor H. P. Dunn pitching the first ball across the plate. There is a general view of the grounds; Crosby making a hit; Dr. Erickson running for first and the preceding batter streaking down the base lines to second; Kunitz running to first; Shefflo hammering a home run hit over the fence; birds-eye view of the field; and the crowd leaving the grounds. Two of these pictures will be reproduced by the Dispatch and printed in a subsequent issue.

A Missionary Meeting

The Woman's Home and Foreign Missionary Society of the Presbyterian church, met at the home of Mr. and Mrs. K. W. Lagerquist last evening, instead of the afternoon, so that the men might be present at the meeting.

The president, Mrs. A. M. Opsahl, presided.

A paper on "Cuba and Porto Rico" by Mrs. W. E. Barker and a paper on "Siam and Laos," by Mrs. J. S. Robertson, read by Mrs. W. J. Lowrie, were followed with a prayer service led by Mrs. E. L. Ludwig.

After the regular meeting the company engaged in a social good time consisting of vocal and instrumental solos, readings and the singing of old fashioned songs by the entire company. Delicious refreshments were served by the hostess and the guests reluctantly departed at a late hour.

MUSIC AND DRAMA

(Come Again, Miss Glaser

One of the best shows that ever came to Brainerd is "Miss Dudsack" and Miss Glaser in the title role certainly captured the large audience at the opera house last night. It is a Scotch story in three acts and a delightful Scotch burr is apparent throughout. Miss Glaser was as irresistible as ever and it was a positive delight to see how "Dulle" snubbed the haughty clan of MacHumberts. Thomas Richards, as Jack MacHumber, was a hero possessed of a fine tenor voice, and Baldy Strang, as the MacHumber piper looking for his friend McPherson, was Scotch every inch of his six foot six frame. In these days of problem plays and the French vaudeville it is a positive relief to come upon a comedy as replete with clean and honest humor as "Miss Dudsack" revels in.

Escapes an Awful Fate

A thousand tongues could not express the gratitude of Mrs. J. E. Cox, of Joliet, Ill., for her wonderful deliverance from an awful fate. "Typhoid pneumonia had left me with a dreadful cough," she writes. Sometimes I had such awful coughing spells I thought I would die. I could get no help from doctor's treatment or other medicines until I used Dr. King's New Discovery. But I owe my life to this wonderful remedy for I scarcely cough at all now." Quick and safe, its most reliable of all throat and lung medicines. Every bottle guaranteed. 50c and \$1.00. Trial bottle free at all druggists.

COMMISSIONERS PROCEEDINGS

Proceedings of the Board of County Commissioners. Meeting Held May 7th, 1912

Pursuant to adjournment, board met at 10 o'clock a. m. All members present. Minutes of the last regular meeting were read and approved.

Chas. Hughes appeared and asked that Ditch No. 14 be cleaned out near his place on Sec. 36, Twp. 44, Rge. 32. The matter was referred to Commissioner Keinow.

Road Overseer Albert Bjork, Twp. 136, Rge. 27, reported that the bridge at the mouth of Pelican creek in Sec. 8 of that town must be rebuilt. Commissioner Edquist was directed to look the matter up.

W. H. Gemmell and Albert Fox appeared on behalf of the G. A. R. and asked that a sum be set aside for the proper observance of Memorial Day. Upon motion \$50.00 was appropriated from the revenue fund for this purpose.

Upon motion the janitor was authorized to sell five gallons of disinfectant to the city of Brainerd at cost.

Jos. Friedsam of the town board of Oak Lawn appeared with a petition asking that the road to Little Rabbit lake be re-surveyed as the old land marks were all obliterated. Upon motion the request was granted and the county surveyor ordered to do the work.

Application of August Swanson as Mining Inspector was read and ordered placed on file with the other applications to be acted upon when the time arrived for appointing such an officer.

Letter from Wm. Hazelhorst of Pelican town was read in regard to a road on the north side of section one near his place. The auditor was directed to make reply stating that the money available was far too little to complete the work.

Board adjourned until 2 o'clock p. m.

All members present.

J. R. Mitchell, of Minneapolis, submitted a proposal to take an option for a year on the south half of the northwest quarter of Sec. 3 Twp. 45, Rge. 30 for mining lease. He offered 25 cents a ton royalty and a minimum tonnage of 10,000 tons. The matter was referred to the county attorney to look up the legal procedure in such cases.

Plate of Julesburg, located on NW 1/4 of NE 1/4 Sec. 14, Twp. 46, Rge. 29 was presented by the proprietor, J. C. Jamieson and on motion duly approved and ordered filed with the register of deeds.

Plat of Merrifield, located in lots 4 and 6 Sec. 35, Twp. 135, Rge. 28 was presented by Engineer Louis Knutson on behalf of the proprietors, Martha A. and Grant Bronson, and upon motion duly approved and ordered placed on file.

Engineer Garrison submitted plans and profile for two miles of grade on state highway No. 2 in Sec. 26 and 27, Twp. 45, Rge. 30. On motion the plans were approved and the auditor was directed to advertise for bids on the work to be received at the next meeting June 4th at 2 o'clock p. m.

Bond of the Security Bridge Company in the sum of \$1297.00 covering their contract on the Mississippi river bridge was presented and duly approved.

Petition of J. M. Elder and others for a new road on town line between Smiley and Twp. 134 Rge. 29 leading to the shore of Gull lake was read before the board. The petition being reasonable on its face a motion was made and duly carried to accept the same and a resolution was adopted by unanimous vote ordering a hearing before the board on July 8th, at 2 o'clock p. m. and appointing Commissioners Krech, Poppenberg and Edquist as a committee to meet at the east end of the proposed route on June 14th at 2 o'clock p. m. to inspect the same.

A resolution from the town board of Deerwood was read requesting that the county board order an election this fall for changing from the county system of caring for the poor to the town system. On motion same was accepted and placed on file.

Petition of E. C. Burke and others for a new road on town line between Lake Edward and Twp. 135, Rge. 27 and leading east through the south-west quarter of Sec. 30 of the latter town to connect with the Cross Lake road was read. On motion the petition was accepted and resolution duly adopted ordering a hearing on the petition on July 8th, at 2 o'clock p. m. and appointing Commissioners Krech, Edquist and Keinow as a committee to meet at the south end of the proposed route on June 17th, at 5 o'clock p. m. for the purpose of examining the route.

Report of the superintendent of the poor farm for the month of April showing sales amounting to \$519.24 and bills pending \$96.88 was read and on motion duly approved.

\$100.00 was set aside from the road and bridge fund to each of the following towns to aid in road building.

Long Lake, to be used on town line and on the east line of sections 12 and 13.

Maple Grove, to be used on same road.

Garrison, to be used on the town line on west side of section 36.

Lake Edward, to be used on east and west road in Sec. 35 and 36.

Klondike, on road commencing near

village of Ironton and running west to the NE corner of Sec. 17.

Smiley, to widen out the grade in Sec. 2 near R. R. tract.

Little Pine, in Sec. 31 and 32, Ross Lake, on road leading to bridge across Mud Brook.

Emily, on state road No. 3.

Deerwood, on the road to Bay Lake. The town board of Crow Wing requested that some money be expended on state highway No. 4 and offered to contribute some to the work. It was agreed that the county would put in \$400.00 for this purpose on certain conditions.

Commissioner Krech was authorized to sell one 12-inch steel culvert at cost for use in Smiley town.

The chairman was authorized to purchase one 4-foot steel culvert 25 feet long and a dozen others of various smaller sizes.

The matter of a bridge across the Crow Wing river near the mouth, was discussed and the board agreed to appropriate \$800.00 toward such an enterprise subject to the approval of the county attorney and the chairman was designated as a committee to meet a like committee from Cass and Morrison counties on May 10th to discuss plans and select a site.

Application of Victor Wickstrom for a reduction of assessment on lot 4 block 12, Deerwood, for 1911 from \$1675.00 to \$1200.00 was duly signed and sent to tax commission.

FACTS AND FICTION Experiences of Brainerd Citizens are Easily Proven to be Facts

The most superficial investigation will prove that the following statement from a resident of Brainerd is true. Read it and compare evidence from Brainerd people with testimony of strangers living so far away you cannot investigate the facts of the case. Many more citizens of Brainerd will endorse Doan's Kidney Pills.

Mrs. J. H. Zellers, 913 Main St., Brainerd, Minn., says: "I never tire of recommending Doan's Kidney Pills, for they have been so beneficial to me. Some years ago I publicly endorsed them and at this time I am willing to do so again. I took Doan's Kidney Pills when I was afflicted with kidney complaint and they gave me prompt relief. One of my relatives who also suffered from kidney trouble, used this remedy with the best of results."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, sole agents for the United States. Remember the name—Doan's—and take no other.

For Sale

5 room house and 3 lots, shade trees in front, cement porch, stone foundation, brick and cement cellar, barn, wood shed, with drive well. Best water in the city. Will receive bids until July 15. I reserve the right to reject any or all bids. Call and look property over. Best of title.

Petition of E. C. Burke and others for a new road on town line between Lake Edward and Twp. 135, Rge. 27 and leading east through the southwest quarter of Sec. 30 of the latter town to connect with the Cross Lake road was read. On motion the petition was accepted and resolution duly adopted ordering a hearing on the petition on July 8th, at 2 o'clock p. m. and appointing Commissioners Krech, Edquist and Keinow as a committee to meet at the south end of the proposed route on June 17th, at 5 o'clock p. m. for the purpose of examining the route.

Report of the superintendent of the poor farm for the month of April showing sales amounting to \$519.29 and bills pending \$96.88 was read and on motion duly approved.

\$100.00 was set aside from the road and bridge fund to each of the following towns to aid in road building: Long Lake, to be used on town line on the east line of sections 4 and 13.

Maple Grove, to be used on same road.

Garrison, to be used on the town line on west side of section 36.

Lake Edward, to be used on east and west road in Sec. 35 and 36.

Klondike, on road commencing near

the village of Ironton and running west to the NE corner of Sec. 17.

Smiley, to widen out the grade in Sec. 2 near R. R. tract.

Little Pine, in Sec. 31 and 32.

Ros Lake, on road leading to bridge across Mud Brook.

Emly, on state road No. 3.

Deerwood, on the road to Bay Lake.

The town board of Crow Wing requested that some money be expended on state highway No. 4 and offered to contribute some to the work. It was agreed that the county would put in \$400.00 for this purpose on certain conditions.

Commissioner Krech was authorized to sell one 12-inch steel culvert at cost for use in Smiley town.

The chairman was authorized to purchase one 4-foot steel culvert 25 feet long and a dozen others of various smaller sizes.

The matter of a bridge across the Crow Wing river near the mouth, was discussed and the board agreed to appropriate \$800.00 toward such an enterprise subject to the approval of the county attorney and the chairman was designated as a committee to meet a like committee from Cass and Morrison counties on May 10th to discuss plans and select a site.

Application of Victor Wickstrom for a reduction of assessment on lot 4 block 12, Deerwood, for 1911 from \$1675.00 to \$1200.00 was duly signed and sent to tax commission.

FACTS AND FICTION

Experiences of Brainerd Citizens are Easily Proven to be Facts

The most superficial investigation will prove that the following statement from a resident of Brainerd is true. Read it and compare evidence from Brainerd people with testimony of strangers living so far away you cannot investigate the facts of the case. Many more citizens of Brainerd will endorse Doan's Kidney Pills.

Mrs. J. H. Zellers, 913 Main St., Brainerd, Minn., says: "I never tire of recommending Doan's Kidney Pills, for they have been so beneficial to me. Some years ago I publicly endorsed them and at this time I am willing to do so again. I took Doan's Kidney Pills when I was afflicted with kidney complaint and they gave me prompt relief. One of my relatives who also suffered from kidney trouble, used this remedy with the best of results."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, sole agents for the United States. Remember the name—Doan's—and take no other.

BARROWS

The new mining town on the Cuyuna range, offers splendid opportunities for investment and for the establishment of business in various lines. This town is located in the richest part of the range, adjoining the Barrows mine, which will ship ore this season, and where a large force of men is now employed in putting down the third shaft, two being already completed. A number of other mines adjacent to the townsite will be opened up, making Barrows one of the greatest mining centers on the range. Streets are graded, cement sidewalks in, and buildings are going up rapidly. Lots are now offered at from \$150 to \$400 on the partial payment plan. Buy now while you can buy at the first offered price; get located in a live new town and prosper with the development of the country.

A few years ago lots that were sold in Hibbing, Virginia and Chisholm at the prices we are now asking are worth today several thousand dollars. For further information apply to
